

[www.greedygareth.com](http://www.greedygareth.com)

### Key Features

- Part of the 'Read a Million Words in Wales' project
- Game focused on game-play rather than reading ability – children improve their reading as an integral part of the game
- 6 reading levels automatically adjust to suit the player capability during game play

The [Basic Skills Agency](http://www.basic-skills.co.uk) wanted to produce a game which would encourage children (especially young and failing readers) to read and build up their 'word count.'

They approached Enigma and we were convinced the encouragement would come from building a truly fun and addictive game. And [here it is!](#)

### Primary Audience

Aimed at readers aged 6-11 years-old, with a reading age of 4-9 years old.

### The Nuts & Bolts

- Flash built game
- Multi-level
- Voice-over audio
- Level of difficulty auto-adjusts to user
- Personalised user certificates
- Personalised game code – to access different levels
- Produced in English and Welsh
